PURISTIC ELEGANCE.

Featuring graphic units, Tetrim adds clean lines to the bedroom. Cubes in elegant lacquer shades or genuine core walnut or natural oak veneer team up with the bed with a comfortable upholstered headboard or bolster. The characteristic L-shaped Tetrim compartments provide indirect lighting and serve as a practical shelving unit, sideboard or wardrobe highlight.

Version: silk grey lacquer, natural oak, metal bronze coloured, artificial leather light brown M239, width of the bed unit approx. 3.3 m

DYNAMIC
ELEGANCE.
**STIMULATINGLY
ARRANGED.**

A fantastic combination of wood, leather and bronze-coloured accents. The wider version of the comfortable leather headboard, which is available in two widths, encompasses the bed frame, which is supported by bronze-coloured metal legs. The Tetrim compartments of the consoles, which can optionally provide subtle indirect lighting, are true eye-catchers.

A Tetrim combination of core walnut with silk grey lacquer will provide a particularly warm feel. The elegant bed corner is a clever design feature; it connects the bed sides and can be colour-coordinated with the elegant legs or the bed sides.

Version: pure white lacquer, metal silver coloured, artificial leather grey M238, width of the wardrobe approx. 3.0 m

DESIGN WITH A LOVE OF DETAIL.

Offering plenty of scope for individualisation, the Tetrim bed with upholstered headboard can incorporate design features such as bed corners and mitre connectors to suit individual requirements. How about bronze-coloured legs with a core walnut bed corner or silver mitre connectors with a pure white bed?

How would you like to spend the most silent hours of the day? If you appreciate a comfortable atmosphere, then Tetrim will be the perfect choice. From the seemingly floating arched support to the soft bolster, from the dressing table in elegant lacquer to the spacious wardrobe through to the matching bed.

BED VARIATIONS FOR EVERY TASTE.

The bed version with bolster offers outstanding comfort: subtly lit night consoles, textile cosiness and comfortably upholstered units. With different lying heights on an arched support or bed legs, Tetrim meets the individual dream of perfect lying.

Version: grey lacquer, metal bronze coloured, artificial leather vintage dark grey S702

ORDER AND
FUNCTIONALITY
**IN THE MOST
BEAUTIFUL DESIGN.**

Elegant matt lacquer, cool aluminium and satinized glass are the distinctive features of the wardrobe units. Powder-coated handles, tone-on-tone with the front, ensure a subtle look of the extendable wardrobes – the stylishly integrated Tetrim unit thus takes centre stage.

Version: grey lacquer, metal bronze coloured

Version: pure white lacquer, metal silver coloured

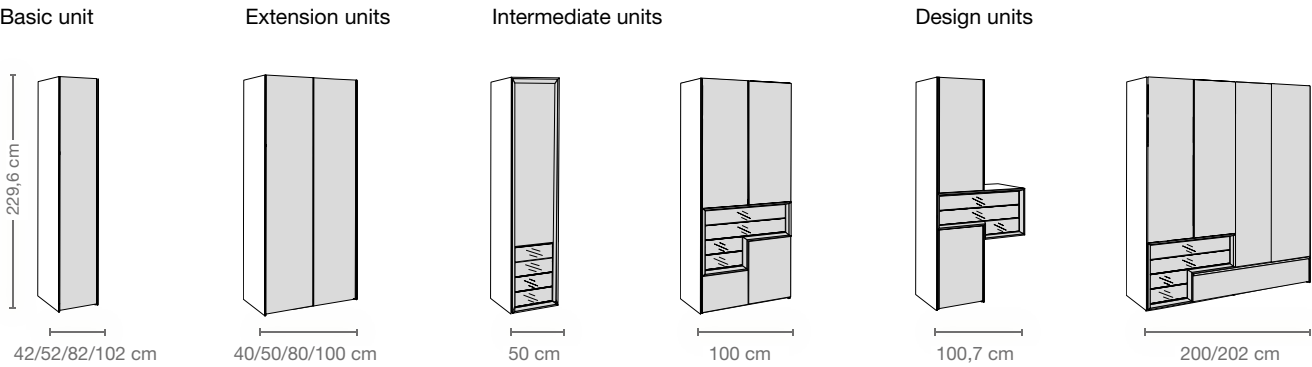

In combination with console, mirror and illuminated shadow gap, the characteristic Tetrim unit turns into a timeless dressing table. Matching highboards, which also work well in living areas, offer further storage space.
