

BOX- SPRING

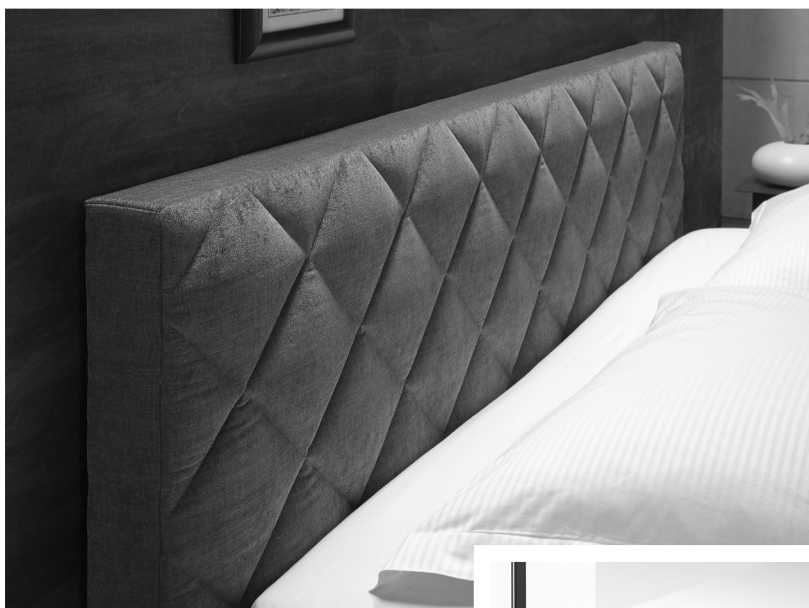

Boxspring

Breakfast in bed, reading the last pages of a fantastic thriller or falling asleep with the scent of fresh linen ... A bed is probably the most beautiful place for relaxation and certainly for restful sleep. Do you like to wake up from sweet dreams to happily turn over again or do you jump out of bed refreshed to greet the new day – what do you prefer? Our boxspring beds offer outstanding lying comfort for everyone, our matrix system provides endless possibilities. The barely perceptible micro-swinging properties created by the sumptuous yet perfectly balanced extra springing of the boxspring box gently rock you to sleep. It is not just a dream that everything is possible: A huge choice of shapes, sizes and colours allows you to design the right solution for you. Visit your hülsta dealer to experience this wonderful lying feeling.

Boxspring boxes

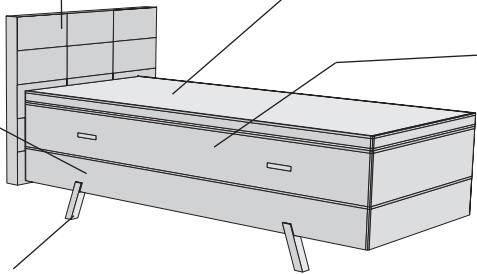

Product description

You can put together your boxspring bed from a Box with a 7 zone cylinder pocket spring core, optionally fixed (non adjustable) or with back and foot sections individually adjustable (2 electric motors), one mattress (see „Mattresses“chapter) and optionally one topper (see „Topper“ chapter).

Box
Upholstered mattress with a 7 zone pocket spring core, matching the Box height, in a cover of furniture fabric (lying surface generally in a non-slip fabric in pelvis/foot section). Optionally fixed (non-adjustable) or adjustable by motors.

Optional headboard

Optional Topper

Legs
optionally on standard legs or design legs

Mattress
One of the mattresses of the hülsta Sleeping Systems collection, optionally with twill mattress cover or with furniture fabric cover, see "Mattresses" chapter. Mattresses with furniture fabric cover always have a white mattress cover in the lying surface. Furniture fabric cover not removable/washable. With the classic spring core. Individual preferences possible with a cold foam mattress.

<p>Box: fixed (non-adjustable)</p> 	<p>Box: 2-motor boxspring with cable operation or remote control unit; back and foot sections individually adjustable by compact drive (2 electric motors)</p> 
---	--

Box with 7 zone pocket spring core 5 / 7 / 12 cm high; fixed (non-adjustable)

Height: approx. 17.0 / 20.0 / 23.5 cm; firmness level: medium; weight approx. 28 kg (100 x 200 cm)

- Good zone elasticity
- Good body and spine support
- Good moisture dispersion
- Original hülsta cold foam upholstery (RG 5025)

Box with 7 zone pocket spring core; back and foot sections individually adjustable by compact drive (2 electric motors)

- See left for general description of Boxspring
- Back and foot sections adjustable by motor
- Cable operation or remote control unit with app function and integrated night light (extra at a surcharge, see below); 120 and 140 cm wide boxes with 2 motors; synchronous control of boxes with a Y-shaped cable and 1 cable control, resp. 2 receivers, 1 transmitter.
- Low-voltage technology throughout: the high-performance e-motors (8.000 N; from 120 cm box width 10.500 N) operate on safe low voltage current (24 V) and are maintenance free
- Fulfils the Eco-Guideline (power consumption < 0.5 W in Stand-by) from external power supply unit
- Transformer/cable can be fixed under box
- 3 years' guarantee on drive technology
- Weight: approx. 60 kg (100 x 200 cm)
- Electric drive can be disposed of separately in line with regulations for old electrical appliances (WEEE 2018)

Surcharge for remote control unit:
The 2-motor box is supplied with a standard cable operation. It can also be optionally enhanced with a remote control unit with app function and integrated night light (extra at a surcharge). **Please state clearly in the order!**

Surcharge for remote control unit: 13 -

ORIGINAL DGM BOXSPRING

Boxspringbett / boxspringbed
Hersteller-Nr. / manufacturer-no.
B 17-107
Kollektion / collection / Modell / model
B
Prüfnummer / control number
17-107-01

Geprüft und zertifiziert nach den Anforderungen der RAL-GZ 430 der Deutschen Gütegemeinschaft Möbel • Tested and certified according to the requirements of RAL-GZ 430 of DGM • www.dgm-boxspring.de

Boxspring beds consist of a solid wooden box with firmly upholstered springs and a spring core mattress on top. The double springs result in pleasant micro-reverberations, ensure the highest level of sleeping comfort and adapt perfectly to the form of your body. The stable basis gently disperses the pressure of the body.

Boxspring boxes

hülsta cover collection: see "hülsta cover collection" type list.
Please state the required version clearly in the order!

Box in furniture fabric cover

Boxes incl. standard legs (round, black lacquer), optionally available with design legs (see page 9).

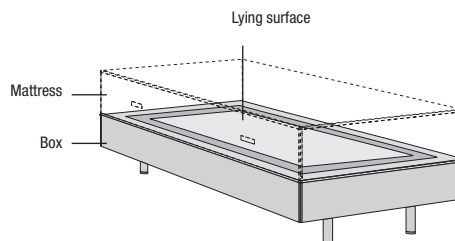

Boxes in furniture fabric cover (furniture fabric cover not removable/washable). Lying surface generally in a non-slip fabric.

The distance between the floor and the lower rim of the box is always approx. 15 cm. This results in the following dimensions:

Box height 1: approx. 17.0 cm
Height with leg: approx. 32.0 cm

Box height 2: approx. 20.0 cm
Height with leg: approx. 35.0 cm

Box height 3: approx. 23.5 cm
Height with leg: ca. 38.5 cm

Box: fixed (non-adjustable)

Mattress support for motor-driven Boxes

Mattress support for adjustable motor-driven Boxes All the Boxes have a surface with almost invisible anti-slip device.				
In combination with adjustable motor-driven Boxes we recommend fitting an extra fabric-lined mattress support for fitting on the foot end of the Box (against surcharge) to prevent the mattress on the Box from slipping.

MULTI-VARIS

MULTI VARIS

The comprehensive MULTI-VARIS ancillary unit range is most impressive with its intricate yet graceful appearance and an enormous selection of high-quality wood, lacquer and high-gloss versions allowing combinations with units from nearly all of hülsta's ranges. This range is especially convincing in combination with the modern, innovative MULTI-FORMA II wardrobe system. The enormous choice of units can be adapted individually to a variety of different furnishing styles by using units including a mixture of surface versions and materials, and highly refined and expressive single units can be created by using high-gloss carcasses and fronts in combination with a number of unique design features. The range is neatly rounded off by a variety of handle and plinth versions and some specially selected accessories.

AirDream 7000

7 zone comfort 3-layer HR* cold foam mattress in 20 cm core height with HR* cold foam spring units

Core height: 20 cm, height with mattress cover: approx. 21 resp. 24 cm
3 firmness levels from soft to hard

A good alternative to a classic Boxspring spring core mattress.

HR* cold foam mattress with the special spring comfort level – just like a spring core mattress but with no metal.

*HR = highly resilient = highly elastic = genuine cold foam
 ** = only in the mattress cover version

- Comfort core height 20 cm, especially comfortable feeling due to micro reverberations of HR* cold foam spring units

Top layer + bottom layer:

- HR* cold foam sides, with all the advantages of a hülsta patented core
- Very good body and spine support with multi-zone construction
- Soft, pressure-relieving surface segments (pyramid-shaped construction)
- Perfect air circulation for quick moisture dispersion via vertical, full-depth air channels (85x85 mm raster) and segmented surface
- Cover washable up to 60°C with mild detergent in easy-care programme, a great help in the case of many allergy problems

Middle layer:

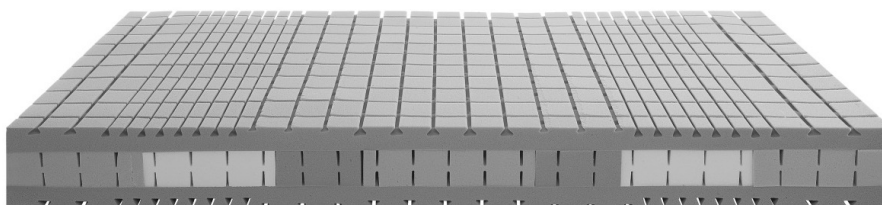

- Innovative HR* cold foam spring units
- Unique lying comfort due to special zone elasticity in combination with micro-swing characteristics similar to a spring-core
- 7 zones support pressure relief and ensure perfect body support
- Perfect ventilation by transverse channels and vertical perforations in 85x85 mm raster
- Improved bending performance for adjustable base frames

Illustration: Volume stretch cover

Illustration: TENCEL cover

Mattress composition

- Mattress cover: optionally mattress cover with volume stretch (volume stretch cover: 550 g/m² fabric quality; 74% polyester, 25% viscose, 1% Lycra) or mattress cover with TENCEL (TENCEL cover: 360 g/m² fabric quality; 69% polyester, 31% Lyocell, 400 g/m² fine upholstery with hollow climatic fibres, 100% polyester)
- 5.5 cm HR* cold foam (RG 60) with 7-zone cross-section, symmetrical, vertical perforations in raster of 85x85 mm
- 9 cm HR* cold foam spring units (RG 60), varying firmness in 7 zones, symmetrical, vertical perforations in 85x85 mm raster
- 5.5 cm HR* cold foam (RG 60) with 7-zone cross-section, symmetrical, vertical perforations in raster of 85x85 mm
- Reversible
- Very long life, free of filler materials
- All the components of the mattress meet the requirements of Eco-Text Standard 100, Class 1 for Babies, and „The Blue Angel“ mattress label, RAL UZ 119
- **Special sizes** are possible (see below)

Further notes

Mattresses in special lengths and/or special widths

The mattress can be shortened free of charge in 1 cm steps in length and/or in width. If you require a shorter size (e.g. 195 cm in length and 85 cm in width) please state the type number of the mattress in the next larger size (in this case the mattress with a size of 200 x 90 cm). This mattress is then shortened to the required size of 195 x 85 cm free of charge.

Partners' mattresses

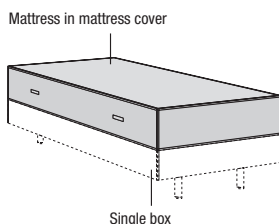

Partners' mattresses are delivered standard in 3 packages, i.e. the cover and the cores are delivered as single components and put together on site. Partners' mattresses are however also available in one package. In this case there is also a single core.

- Grey shading = trade standard sizes
- Special sizes available on request

Mattresses

TopPoint gel

7 zone micro cylinder pocket spring core mattress with GELax comfort upholstery

Core height: 22 cm, height with mattress cover: approx. 23 cm

3 firmness levels from soft to hard

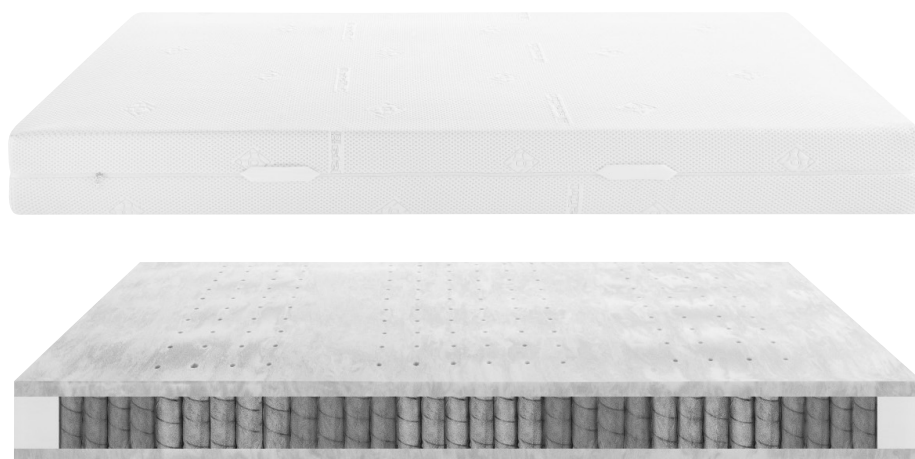

High quality
RG 50
GELax

Cover separable and washable up to 60°C with fine detergent in easy care programme

- Very good body and spine support through micro cylinder pocket spring core in combination with GELax comfort upholstery
- Multi-sealed micro cylinder springs in single pockets, pre-tensioned, in 7 zone system with 625 springs/m²
- Especially pressure-relieving GELax comfort upholstery with zonal perforations
- Optimum air circulation for quick moisture dispersion through vertical air channels and open spring core
- Innovative volume stretch mattress cover, extremely adaptable
- Cover washable up to 60°C with mild detergent in easy-care programme, a great help in the case of many allergy problems
- Outstandingly suitable for hülsta base frames

Mattress composition (GELax surface at top)

- Mattress cover with volume stretch (volume stretch cover: 550 g/m² fabric quality; 74% polyester, 25% viscose, 1% Lycra) or furniture fabric cover
- 5 cm thick HR* cold foam comfort upholstery with zonal perforations, open-pored cell structure, RG 50 (volume weight 50 kg/m³)
- 12 cm high 7-zone micro cylinder pocket spring core (spring density: 625 springs/m²)
- 5 cm thick GELax comfort upholstery with zonal perforations, RG 50 (volume weight 50 kg/m³): highly elastic, good form retention even under the effects of moisture, very long life, free of filler materials
- All the components of the mattress meet the requirements of Eco-Text Standard 100, Class 1 for Babies, and „The Blue Angel“ mattress label, RAL UZ 119
- **Special sizes** are possible (see below)

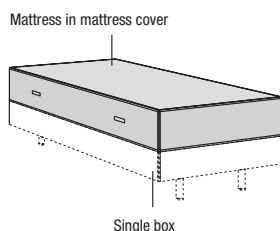

Further notes

- **Mattresses in special lengths and/or special widths**
The mattress can be shortened free of charge in 1 cm steps in length and/or in width. If you require a shorter size (e.g. 195 cm in length and 85 cm in width) please state the type number of the mattress in the next larger size (in this case the mattress with a size of 200 x 90 cm). This mattress is then shortened to the required size of 195 x 85 cm free of charge.
- **Partners' mattresses**
Partners' mattresses are delivered standard in 3 packages, i.e. the cover and the cores are delivered as single components and put together on site. Partners' mattresses are however also available in one package. In this case there is also a single core.
- Grey shading = trade standard sizes
- Special sizes available on request

Mattresses

TopPoint 4000

7 zone cylinder pocket spring core mattress with micro-springs

Core height: 20 cm, height with mattress cover: approx. 21 resp. 24 cm
3 firmness levels from soft to hard

High quality
RG 50
HR* cold foam

Cover separable and washable up to 60°C with fine detergent in easy care programme

**

**

*HR = highly resilient = highly elastic = genuine cold foam
** = only in the mattress cover version

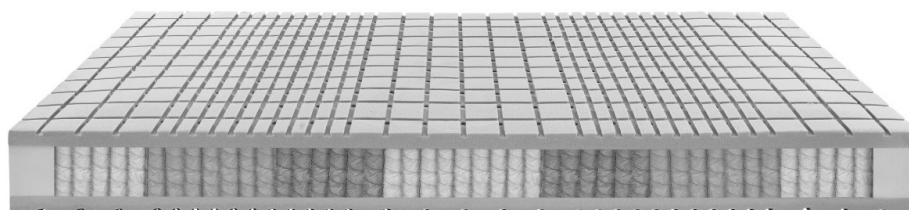

- Micro-springs: Spring density: 625 springs/m², pre-fitted, in multi-zone arrangement for perfect body and spine support
- Pressure-relieving surface segments
- Perfect air circulation for moisture dispersion with vertical air channels and segmented surface (pyramid-shaped construction)
- Cover washable up to 60°C with mild detergent in easy-care programme, a great help in the case of many allergy problems
- Mattress halves up to 100 cm wide with partners' zip (so it is possible to wash the covers separately, etc.), in widths of 120 and 140 cm as well as in double mattresses without partners' zip. **

Illustration: Volume stretch cover

Illustration: TENCEL cover

Mattress composition

- Mattress cover: optionally mattress cover with volume stretch (volume stretch cover: 550 g/m² fabric quality; 74% polyester, 25% viscose, 1% Lycra), mattress cover with TENCEL (TENCEL cover: 360 g/m² fabric quality; 69% polyester, 31% Lyocell, 400 g/m² fine upholstery with hollow climatic fibres, 100% polyester) or furniture fabric cover
- 4 cm high HR* upholstery above and below the spring core: with patented multi-zone construction and air channels
- HR* cold foam with open-pored cell structure; RG 50 (volume weight 50 kg/m³): highly elastic, good form retention, very long-lasting, free of filler materials
- Centre micro-cylinder pocket spring core in elastic zones: various strengths of spring wire in each zone (spring density: 625 springs/m²)
- All the components of the mattress meet the requirements of Eco-Tex Standard 100, Class 1 for Babies, and „The Blue Angel“ mattress label, RAL UZ 119
- Reversible
- **Special sizes** are possible (see below)

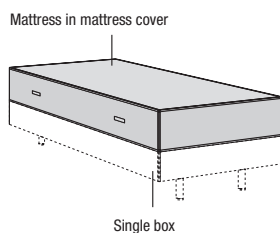

Further notes

- **Mattresses in special lengths and/or special widths**
The mattress can be shortened free of charge in 1 cm steps in length and/or in width. If you require a shorter size (e.g. 195 cm in length and 85 cm in width) please state the type number of the mattress in the next larger size (in this case the mattress with a size of 200 x 90 cm). This mattress is then shortened to the required size of 195 x 85 cm free of charge.
- **Partners' mattresses**
Partners' mattresses are delivered standard in 3 packages, i.e. the cover and the cores are delivered as single components and put together on site. Partners' mattresses are however also available in one package. In this case there is also a single core.
- Grey shading = trade standard sizes
- Special sizes available on request

Mattresses

TopPoint 1000

7 zone cylinder pocket spring core mattress

Core height: 20 cm, height with mattress cover: approx. 24 cm
3 firmness levels from soft to hard

*HR = highly resilient = highly elastic = genuine cold foam
** = only in the mattress cover version

- Stable mattress core, ergonomically favourable body support with loins support (7 zones)
- Multiple-sealed cylinder springs in single pockets with Soft-Touch top foam layer in RG 50, structured cross-section
- Especially good ratio between safe body support and comfort
- Comfortable fine upholstery with climatic hollow polyester fibre
- Cover washable up to 60°C with mild detergent in easy-care programme, a great help in the case of many allergy problems
- Also suited to some extent for motor-driven units
- 2 reversing grips on each side **

Mattress composition

- Mattress cover with TENCEL (TENCEL cover: 360 g/m² fabric quality; 69% polyester, 31% Lyocell, 400 g/m² fine upholstery with hollow climatic fibres, 100% polyester) or furniture fabric cover
- 4 cm high HR* zone upholstery above and below the spring core: with multi-zone construction
- HR* cold foam with open-pored cell structure; RG 50 (volume weight 50 kg/m³): highly elastic, good form retention, very long-lasting, free of filler materials
- Centre cylinder pocket spring-core in elastic zones: various strengths of spring wire in each zone (spring density: 265 springs/m²)
- All the components of the mattress meet the requirements of Eco-Tex Standard 100, Class 1 for Babies, and „The Blue Angel“ mattress label, RAL UZ 119
- Reversible
- **Special sizes** are possible (see below)

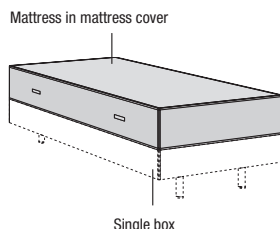

Further notes

- **Mattresses in special lengths and/or special widths**
The mattress can be shortened free of charge in 1 cm steps in length and/or in width. If you require a shorter size (e.g. 195 cm in length and 85 cm in width) please state the type number of the mattress in the next larger size (in this case the mattress with a size of 200 x 90 cm). This mattress is then shortened to the required size of 195 x 85 cm free of charge.
- **Partners' mattresses**
Partners' mattresses are delivered standard in 3 packages, i.e. the cover and the cores are delivered as single components and put together on site. Partners' mattresses are however also available in one package. In this case there is also a single core.
- Grey shading = trade standard sizes
- Special sizes available on request

Mattresses

deluxe MTL

Micro cylinder pocket spring core mattress in comfort version, with integrated topper, approx. 31 cm high

Core height: 21+5 cm

3 firmness levels from soft to hard

High quality
RG 50
HR* cold foam

Cover separable and washable up to 60°C with fine detergent in easy care programme

*HR = highly resilient = highly elastic = genuine cold foam

- Highly comfortable micro cylinder pocket spring core mattress with 15 cm high springs
- Integrated Topper with 5 cm high perfolatex core, optimum comfort and acclimatisation, top cover can be removed separately
- Very good body and spinal support, different strengths of micro cylinder springs in relevant zones + zonal perforations in upholstery
- Very good pressure relief by way of 30 mm thick top comfort surface on spring core in RG 50 with vertical ventilation channels
- Especially good spring characteristics by way of pre-tensioned micro cylinder pocket spring core with more than 500 springs/m²
- Optimum air circulation through perfolatex, vertical and horizontal ventilation channels in top surface + spring core
- Cover washable up to 60°C with mild detergent in easy-care programme, a great help in the case of many allergy problems

Mattress composition

- Mattress cover deluxe (550 g/m², 74% polyester, 25% viscose, 1% Lycra) with washable natural virgin wool/Ingeo fine upholstery 500 g/m², (80% virgin wool, 20% polylactide Ingeo brand fibre) and fine upholstery 200 g/m² with genuine climatic padding below
- 5 cm perfolatex core in integrated Topper
- 15 cm high 7-zone micro cylinder pocket spring core plus 30 mm thick comfort layer on top surface and underside, perforated, symmetrically reversible, with hülsta core cover
- Matching firmness levels, with zone effect in shoulder and pelvis/loin zones by way of varying micro cylinder springs and comfort upholstery with zonal perforations
- Optimum air circulation through perfolatex, vertical and horizontal ventilation channels in top surface + spring core
- Core underside with perforated comfort foam layer for best - also vertical - acclimatisation
- Side border 100% polyester, with 6 especially stable grips (from 160 cm width with 8 grips)
- Underside cover with anti-slip function, for especially firm fixation of mattress on support surface (100% polyester)
- Very long life, free of filler materials
- Weight (size 100 x 200 cm): 29 kg, for other sizes: each 10 cm difference in width = approx. 2 kg more or less, in length 10 cm difference = approx. 1 kg more or less
- **Special sizes** are possible (see below)

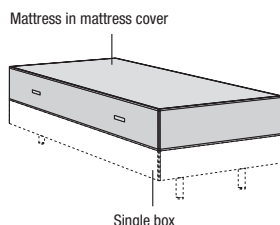

Further notes

- **Mattresses in special lengths and/or special widths**
The mattress can be shortened free of charge in 1 cm steps in length and/or in width. If you require a shorter size (e.g. 195 cm in length and 85 cm in width) please state the type number of the mattress in the next larger size (in this case the mattress with a size of 200 x 90 cm). This mattress is then shortened to the required size of 195 x 85 cm free of charge.
- **Partners' mattresses**
Partners' mattresses are delivered standard in 3 packages, i.e. the cover and the cores are delivered as single components and put together on site. Partners' mattresses are however also available in one package. In this case there is also a single core.
- Grey shading = trade standard sizes
- Special sizes available on request

Topper

visco topper

Core height: 4 cm, height with topper cover: approx. 8 cm
Firmness level: soft; weight: approx. 7 kg (100 x 200 cm)

High quality
RG 85
Visco

Cover separable and washable up to 60°C with fine detergent in easy care programme

*HR = highly resilient = highly elastic = genuine cold foam

- 4 cm high visco foam core with segmented surface (one side)
- Very good zone elasticity for pressure relief
- Vertical perforations of Visco core optimise vertical and horizontal moisture dispersion
- Cover washable up to 60°C with mild detergent in easy-care programme, a great help in the case of many allergy problems

Topper cover: TENCEL

200 x 220	828A	-

Topper composition

- Topper cover TENCEL (TENCEL cover: 360 g/m² fabric quality; 69% polyester, 31% Lyocell) with fine climatic fibre upholstery (hollow fibres, refined with hydrofil, 400 g/m², 100% polyester)
- 4 cm high visco foam core with surface structure (the cores are adhered together in the case of double sizes)
- Visco core with RG 85
- Core perforations (moisture dispersion)
- Highly elastic, good form retention, very long life, free of filler materials
- Reversible
- **Special sizes** are possible (see below)

Further notes

- **Topper in special lengths and/or special widths**
The topper can be shortened free of charge in 1 cm steps in length and/or in width. If you require a shorter size (e.g. 195 cm in length and 85 cm in width) please state the type number of the topper in the next larger size (in this case the topper with a size of 200 x 90 cm). This topper is then shortened to the required size of 195 x 85 cm free of charge.
- **Core mix for double toppers**
With double toppers (toppers from 160 cm width) it is possible to equip them with two different cores, the cores are glued at the sides then (exception: a core mix with the cold foam topper komfort 500 ks is not possible). If cores from toppers of different prices are mixed, the price of the more expensive topper is always charged. Please state clearly in the order!
- Grey shading = trade standard sizes
- Special sizes available on request

GELax topper

Core height: 4 cm, height with topper cover: approx. 8 cm
Firmness level: soft; weight: approx. 7 kg (100 x 200 cm)

High quality
RG 50
GELax

Cover separable and washable up to 60°C with fine detergent in easy care programme

- 4 cm high especially pressure-relieving GELax comfort core RG 50 with zonal perforations
- Optimum air circulation for quick moisture dispersion through vertical air channels
- Very good zone elasticity for pressure relief
- Voluminous fine comfort upholstery with genuine climatic padded hollow fibre, hydrophilic enhancement for perfect moisture dispersion
- Cover washable up to 60°C with mild detergent in easy-care programme, a great help in the case of many allergy problems

Topper composition

- Topper cover TENCEL (TENCEL cover: 360 g/m² fabric quality; 69% polyester, 31% Lyocell) with fine climatic fibre upholstery (hollow fibres, refined with hydrofil, 400 g/m², 100% polyester)
- Topper twill cover with seam and partners zip (up to 100 cm width); partners zip can be opened/closed at both sides
- 4 cm high multi-zone HR* cold foam core with pyramid shaped construction at one side (the cores are adhered together in the case of double sizes)
- HR* cold foam core in RG 50, with vertical perforations in intervals of 85x85 mm
- Open-pored cell structure + vertical perforations for best moisture dispersion
- Highly elastic, good form retention, very long life through roll compressed quality
- Reversible
- **Special sizes** are possible (see below)

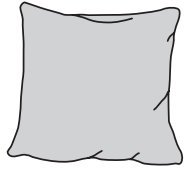

Further notes

- **Topper in special lengths and/or special widths**
The topper can be shortened free of charge in 1 cm steps in length and/or in width. If you require a shorter size (e.g. 195 cm in length and 85 cm in width) please state the type number of the topper in the next larger size (in this case the topper with a size of 200 x 90 cm). This topper is then shortened to the required size of 195 x 85 cm free of charge.
- **Core mix for double toppers**
With double toppers (toppers from 160 cm width) it is possible to equip them with two different cores, the cores are glued at the sides then (exception: a core mix with the cold foam topper komfort 500 ks is not possible). If cores from toppers of different prices are mixed, the price of the more expensive topper is always charged. Please state clearly in the order!
- Grey shading = trade standard sizes
- Special sizes available on request
- ** Topper with split zip
- **Important note: please order 2x single size for double topper with split zip. When ordering double sizes, the topper has no split zip!**

Information on mattresses

Double mattresses

(extra-large sizes) are not recommended, because one can not exclude the possibility of your partner being disturbed by your movements. Turning and reversing the mattress is extremely difficult. **Double mattresses are nonetheless still available on request.** It is also possible to combine different core types (of the same height) and core firmness levels within a double mattress (no surcharge). **Please state clearly in the order!**

Partners' mattresses

(connected by a zip) are possible for all mattresses with Keder seam cover incl. reinforced base at a surcharge (mattresses with all-round zip or without Keder seam cannot be altered). **Please state clearly in the order!**

Surcharge:

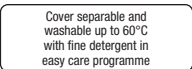

-

Definition of "mattress firmness"

The numbers in brackets for the firmness of the mattress do not correspond to the DIN-EN 1957 norm. The number (2) as compared to the number (3) simply means that this mattress is somewhat softer.

Meaning of pictograms

	Removable cover for cleaning/washing		High quality Volume weight here e.g. 60 kg/m ³ *HR = highly resilient = highly elastic = genuine cold foam
	Special pressure relief for good blood circulation		Partner's zip
	Highly flexible mattress for adjustable base frames		Helpful in some cases of allergy problems. Covers washable up to 60°C with mild detergent in easy-care programme.
	Safety: GS sign for tested safety from TÜVRheinland		The Blue Angel: for being low on emissions and protecting our health (exception: artificial leather cover)

Mattresses

Surcharges for mattresses (double beds)

Mattresses:

The standard boxspring bed unit is supplied with 2 TopPoint 1000 mattresses with TENCEL mattress cover in firmness class medium (2). It is also optionally available with the TopPoint 1000 in a different firmness class (without surcharge), in a cover of furniture fabric (against surcharge) or with one of the mattresses listed below from the hülsta Sleeping Systems (against surcharge).

Please state the required version clearly in the order!

for boxspring width (= Lying surface in cm)	2 single mattresses:	... with mattress cover	... with furniture fabric cover in cover price group I	... with furniture fabric cover in cover price group II	... with furniture fabric cover in cover price group III

Partners' mattress (= 1 full-width mattress; only for fixed boxes):

Instead of 2 single mattresses, **1 partners' mattress** (= 1 full-width mattress) is also possible without surcharge. Partners' mattresses are delivered standard in 3 packages, i.e. the cover and the cores are delivered as single components and put together on site. Partners' mattresses are however also available in one package. In this case there is also a single core.

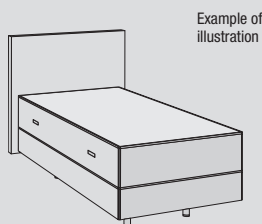

Please state clearly in the order!

Topper

Surcharges for topper (double beds)				
Topper: The special boxspring bed unit can be fitted additionally with a topper for extra “soft” pressure relief against a surcharge (not possible with the deluxe MTL mattress). Double toppers (toppers from 160 cm width) can also be equipped with two different cores. In this case the price of the more expensive topper is always charged.

Mondays to Fridays from 9.00 a.m. until 5.00 p.m.

Special wishes? Come to us!

Maximum individuality! – Maximal flexibility! – hülsta makes most of your special wishes possible.
And if you do have a wish which is not quite so easy to implement, just give us a call or send us a mail or a fax. We have our own hülsta "Special Wishes Team" who are there to help you realise just these customer requests. These colleagues are professionals when it comes to special products. They plan and calculate the products possible for you and even develop an alternative suggestion if the idea should turn out to be technically impossible.

Here is an overview of the hülsta range of special wishes:

- A lot of special products can be ordered simply via the type list
- Special-sized products are planned simply and professionally
- Competent colleagues advise you by phone, by fax and by mail
- You will be sent alternative suggestions if the idea is technically impossible
- Many special-sized products are available without a surcharge
- Specially qualified carpenters and technicians implement your plans perfectly
