## NEO – ELEGANT LIGHTNESS.

Neo adds a very individual touch to any room. Furniture that appears to be floating lends the bedroom an elegant lightness. Beautifully crafted frames, chrome-plated or anthracite lacquered, provide a subtle contrast to lacquered and wooden fronts. A choice of 1950 lacquer colours from the NCS colour system allows Neo to create exciting colour combinations, thus delivering a balanced overall concept for an individual bedroom. Different materials such as wood, lacquer, glass or ceramic provide a striking design down to the very last detail.

Version: pure white lacquer, width of the bed approx. 2.0 m

# DESIGN WITH A LOVE OF DETAIL.

The design of the wardrobe handles and frames is perfectly coordinated and therefore gives the room a harmonious look. Consoles and ancillary units can be personalised using cover surfaces in glass, ceramic, lacquer or wood, turning them into true eye-catchers. Neo reflects the "love of detail" everywhere. The "Rat der Formgebung" (German Design council) agreed - they gave the Neo bed the sought-after Iconic Award 2020.

Dark leather combined with warm wood tones create a cosy atmosphere in the bedroom. Natural oak and core walnut, two high-quality genuine wood veneers, in combination with leather and chrome add an elegant touch. Dark ceramic tops for consoles and chests provide the finishing touch. Practical: in addition to hinged or folding doors, the Neo wardrobe can also be fitted with a combination of door and drawer units. This adds versatility to the wardrobe front and creates additional storage space.
